The commanders of the American forces on Mindanao report aggressive action against the Moros to be necessary, and ask permission to move against Bacolod and other strongholds of the hostile Mohammedans. There are about 2,000 soldiers on Mindanao available for the desired active movement. It is believed this number is sufficient to defeat the Moros, although it would possibly be necessary to strengthen their base before undertaking the movement.

A PRETTY POSTMISTRESS NARROWLY ESCAPES DEATH.

Was Given Up to Die--Eight Doctors Failed--Pe-ru-na Saved Her Life.

THOUSANDS of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach. Then begins a series of experiments with medicine. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Pe-ru-na at once mitigates all these symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Pe-ru-na will do. Miss Alma Cox, Assistant Postmistress of Oram, S. C., writes:

"I have been a great sufferer from chronic disease and dyspepsia for five years. How I suffered no tongue can tell. I tried eight or ten of the best physicians without receiving much benefit, also tried lots of patent medicines. But still I suffered with sick headache, cold feet and hands, palpitation of the heart, and such a heavy feeling in my stomach, and chest. At times I would be so nervous I could not hear anyone around me. I had been given up to die.

"One day a friend sent me one of Dr. Hartman's pamphlets, and I decided to write to him. He advised Pe-ru-na and Manalin, and after taking the medicine two weeks I felt greatly relieved. My head did not pain me any more, and my stomach was relieved of its heavy feeling. I am so thankful that I can say after using several bottles of the Pe-ru-na and Manalin I am restored to perfect health.

"Before using your remedies I could not eat anything. I lived on barley water and Panacodia for two years. Now I can eat with pleasure. Everybody is surprised at my improvement. Everyone says I am looking like a rose. I would advise all suffering women to take your remedies. I know if it were not for Pe-ru-na and Manalin I would have been in my grave to-day. I cannot thank you enough for the kind advice you have given me."—Miss ALMA L. COX.

Senator M. C. Butler, ex-Governor of South Carolina, writes from Washington, D. C., the following:

"I can recommend Pe-ru-na for dyspepsia and stomach trouble. I have been using your medicine for a short period, and I feel very much relieved. It is indeed a wonderful medicine, and besides a great tonic."—M. C. Butler.

Pe-ru-na restores health to a normal way. Pe-ru-na puts right all the common disturbances of the body, and in the way restores the functions of every organ.

Dr. S. B. Hartman, President of The Hartman Sanitarium of Columbus, O., gives advice to women free during the summer months.
